

A&D Resources specialises in assessment and development of individuals, teams and organisations.

As we continuously strive to provide first class products and services to our clients, we recently updated our suite of services for teams; which now include a Train the Trainer workshop, development processes for senior teams and the Hogan team report.

TEAM DISCOVERY

Aimed at Hogan certified HR professionals the Train the Trainer Workshop covers topics like; how to understand and work with teams in general, and how to understand and use the Hogan Team Report, including how to use the Team Discovery Board and facilitation toolkit.

SENIOR TEAM DEVELOPMENT

The goal for A&D Resources' Team Development process is to develop coherent and resilient teams that are getting along as well as getting ahead. Our focus is to work with the psychological dimension of team dynamics and to help teams create a shared team language, that enables them to navigate often complex team dynamics.

HOGAN TEAM REPORT

The Hogan Team Report draws on personality assessment to help teams identify and understand three internal dynamics: Team strengths and weaknesses, Potential Team Fracture Lines, as well as Team Culture and Shared Values.

Contact us to learn more about how we can help your management teams achieve their full potential.
